

GIS in Action

March 13 & 14, 2012 – Jantzen Beach Red Lion Hotel

Call for Presentations!

Presenters earn **GISP credits** and receive a 50% reduction on registration.

Please submit an abstract along with a brief biography by **November 18, 2011** to doug@davidsmithmapping.com and Bob.Pool@clark.wa.gov. Abstracts submitted after this date are welcome, but those submitted by the deadline will be given first consideration in the program.

Suggested Topics for Presenting – If your topic isn't listed below, your abstract is still welcome. We are interested in everyone's ideas.

Environmental

Habitats and Fisheries
Wildfire and Disease
Species Monitoring
Flood Mapping
Military GIS

Land Use Planning

Spatial Statistics
Land Cover

Utilities

Asset Management
Enterprise systems
Composite Systems

Data Acquisition

LiDAR
Mobile Scanning
GPS
Feature Extraction
GIS / Survey Collaboration

Web Applications

Flex
Flex Viewer
Silverlight
Open Source

Cartography

Design/ Advanced Techniques
Production

Programming

GeoJSON vs. KML
WMS vs. WFS & WVS
.Net vs. JAVA
Scripting languages (Python)
Arcpy.gp, Arcpy.sa,
Arcpy.mapping

Server Technology

Cloud Computing (Amazon EC2)
Database Design
Stacks
Tips and Tricks

Management & System Design

Geodesign
GIS governance
Standards and Specifications

Local Solutions

AVL
Fire and Crime incident display
Special applications

Photogrammetry and Remote Sensing

Airport Obstruction Mapping
High Accuracy Mapping
