

## GIS Positions

**GeoSolve Inc.** is a growing company that provides specialized GIS and database services for E9-1-1, Emergency Management and Infrastructure. We are currently recruiting for the following regular full-time positions:

**GIS Manager** – This position represents management in independently directing and implementing overall company GIS activities, goals and objectives for specific projects. This position defines project requirements, manages project staff, communicates directly and effectively with clients, directs and participates in the accomplishment of project deliverables, and manages the project scope and resources.

Requires: A minimum of 2 years of experience in GIS project management, including managing technical and administrative staff; skilled in ESRI software; strong written and oral communication skills, and a BS in GIS, Computer Science or related field is required. Experience with implementing web-based GIS and ArcSDE experience is desired.

**GIS Specialist II** – Provides advanced technical GIS skills to the company, clients, management, and other technical staff. Applies GIS technology to produce and develop GIS applications and databases; concentrates on complex problems requiring specialization; applies multiple programming languages; trains others; and develops productivity enhancing techniques.

Requires: BS in GIS, Computer Science or related field; minimum 2 years demonstrated proficiency with ArcGIS, geometric networks, and related software such as ArcSDE and ArcGIS Server. Skilled at programming in more than one advanced programming language for GIS. Desirable: experience in geometric network development and maintenance for infrastructure, especially electrical distribution systems.

**GIS Technician I** – Develops, maintains and coordinates GIS systems in the office and remotely with clients.

Requires: a good working knowledge of ESRI software products; a minimum of one year of hands-on experience working with ArcGIS.

### **All Positions:**

Compensation DOQ/DOE. Benefits include fully paid health, dental, and vision insurance; paid holidays, vacation and sick leave.

Applicants should submit a detailed resume and cover letter to: GeoSolve Inc., "GIS Positions" to P.O. Box 627, Albany, OR 97321 or email to [gsadmin@geosolveinc.com](mailto:gsadmin@geosolveinc.com). Positions are open until filled.
