

Central Coast GIS User Group

1/11/2012 12:15-1:45

Location: HMSC (EPA/USDA) in Newport

Agenda

I. Introductions and quick update on current projects (agenda review also, minutes review)

II. Regular meeting business (e.g., Upcoming GIS events/conferences, next meeting location and presenters or topics, discussions, updates, etc.)

III. Discuss and plan for next coastal conference. Review notes from last year's LiDAR coastal conference as a guide.

IV. Got a question? Need an answer?

Have you encountered a particularly vexing GIS/Remote Sensing problem recently? Here's where you can ask the group & see if our collective brainpower is enough to crack the problem (or at least we can provide some food for thought!).

V. Map Critiques and other Geo socializing

Remaining schedule (every other second Wednesday):

Jan 11 (this meeting)

March 14

May 9

July 11 (No ESRI UC conflict this year)

September 12

November 14
