

**Central Coast GIS User Group**  
**11/14/2012 12:15-1:45**  
**Location: HMSC - EPA**

**Agenda**

- I. Introductions and quick update on current projects (agenda review also)
- II. Regular meeting business (e.g., Upcoming GIS events/conferences, next meeting location and presenters or topics, discussions, updates, etc.)
- III. Lee McCoy, USDA will present “A basic introduction to using R for spatial data analysis”
- IV. Annual review. This is a time to recap the past year of CCGISUG and see how they went. It is also the time to change plans for the coming year.
- V. Map Critiques (bring maps)

Remaining schedule (every other second Wednesday):

We need to set this. In the annual review, we'll discuss if we like every other second Wednesday).
