Host: Paul Robertson - Lincoln City

Presenter: Tim Novak - Lincoln City GIS

Geo-Trivia: Lee McCoy

Presentation: Eli gave a presentation on accessing current FEMA data, specifically LOMA data through services such as WFS. He presented a few tricks for the process and although the presentation was a quick on, you can be assured he will answer questions if needed.

GeoTrivia:

- 1) If you travel due west from Tokyo, what country in Asia would you hit first?
- 2) Which US state's highest point is 345 feet above sea level?
- 3) In what PLSS section would you find the geographic center of Lincoln County?
Bonus question: In what Quarter Section?
